

Design System

Everything related to your reusable UI components and the design tokens behind them.

Tokens below are taken from the week 4 tokens.json and the week 7 payment-method final screen — colors, type, spacing, and radius all match the checkout flow.

Design Tokens

Typography

Type pairing: **Roboto** (headings & display) + **Inter** (body, UI, labels).

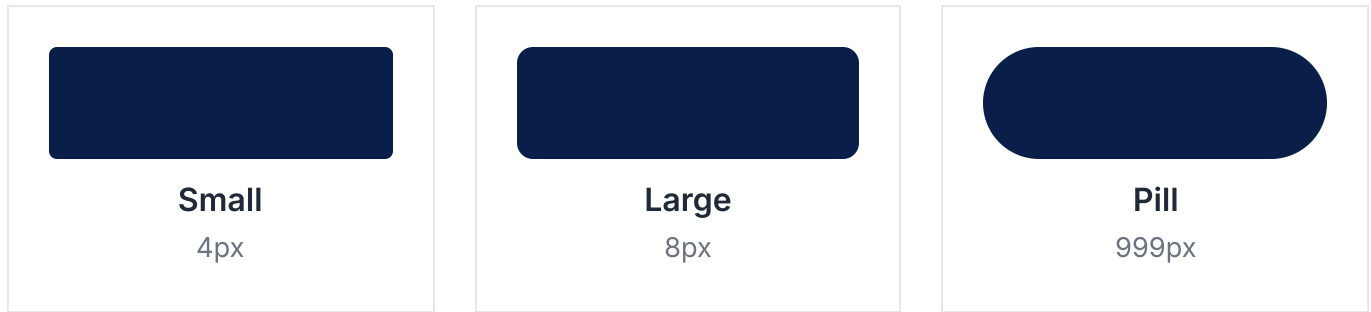

Display · Roboto 900 · 40px	Checkout
Heading · Roboto 700 · 26px	Payment method
Subheading · Roboto 700 · 18px	Choose how you'd like to pay
Body · Inter 400 · 16px	This is an example of body text used for explanatory content and supporting details.
Button · Inter 600 · 15px	PAY NOW
Label · Inter 600 · 13px · uppercase	CARD NUMBER
Caption · Inter 400 · 13px	We encrypt your payment details end-to-end.

Spacing

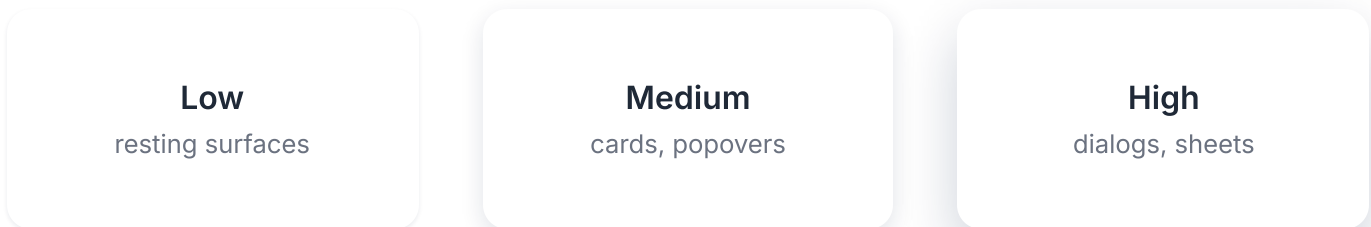

Spacing scale from tokens.json — 4px base unit.

xs		4px
sm		8px
md		12px
lg		16px
xl		24px

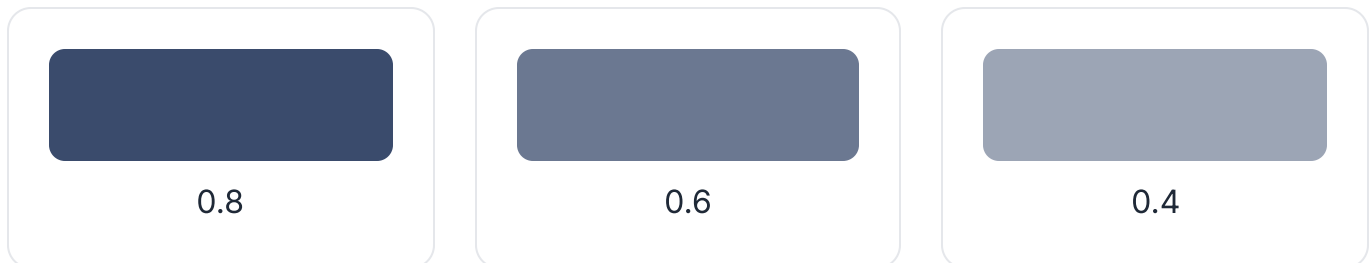

Radius

Shadow / Elevation

Opacity

Color Palette

The checkout flow is anchored on a deep-navy primary with a teal tertiary accent for interactive highlights.

- **Primary** #091E48 — brand navy, primary buttons, headers
- **Secondary** #185277 — supporting navy, secondary buttons, links
- **Tertiary** #56C8C8 — teal accent, focus rings, highlights
- **Quaternary** #FFFAFA — off-white text on dark surfaces
- **Error** #FF3333 — validation errors, destructive actions
- **Success** #2F855A · **Warning** #D97706 — feedback states
- **Background** #ffffff — app canvas

Typography in Context

Display heading

Section heading

Subheading

This is an example of body text used for explanatory content and supporting details.

Muted text helps separate secondary information without reducing readability.

Grid

12-column fluid grid with a 960px max container; collapses to 6 columns on mobile.

Spacing units 4 / 8 / 16 / 24px govern gutters and section rhythm.

Updated

Error

Icons

- Consistent 2px stroke style on a 24px grid
- Clear visual meaning — no decorative-only icons in flows
- Inherit current color for flexible theming

Dialogs**Cancel order?**

This will clear your cart and you'll need to start over.

Keep order

Cancel

Action sheet

Mobile-friendly panel sliding up from the bottom edge.

Bottom Sheet

The bottom sheet is a mobile-first panel anchored to the bottom of the viewport (rounded top corners, high elevation) used for filters, payment-method pickers, and quick actions.

Pay now ↻

- **Hover** — secondary navy fill signals interactivity
- **Focus** — 2px teal outline ring for keyboard users (WCAG 2.4.7)
- **Pressed** — darker navy confirms the press
- **Disabled** — greyed fill, not-allowed cursor
- **Loading** — spinner inline, input blocked
- **Error / Success** — field border + text color per the color palette
